

## Apple and Ginger Punch

5cm root ginger, peeled  
1 small eating apple  
500ml clear apple juice  
500ml spiced ginger ale

Bruise the root ginger. Core and thinly slice the apple.

Place the bruised ginger and sliced apple in a bowl. Pour over the apple juice, cover the bowl and leave overnight.

Next day, and when ready to serve, remove the ginger and pour the apple juice and apple slices into a large jug. Add the spiced ginger ale and serve.
